Dining area downstairs

Welcome

**Travel 317 ft. straight to the top of Perry's National Monument and gaze over the beautiful view of the Lake Erie Islands. Stop in the visitor's center and learn why and how the monument was constructed between 1912 and 1915.*

**Visit the Lake Erie Islands Historical Society, where Put-in-Bay and Lake Erie's history comes alive! See the new Dollar House & Museum of Island Living (what do we do in the winter?)*

**Stop and explore Heineman's Winery, Perry's and Crystal Cave, 18 Holes putt-putt golf, and the serene Butterfly House at Perry's Cave Family Fun Center.*

**Tour Stonehenge and Lake Erie Islands Nature & Wildlife Center (formally the Alaska Wildlife Center)*

**Downtown DeRivera Park is especially pleasant to sit and watch the world, boats, or people go by. You can rent a bike, golf cart or take a relaxing walk around our tiny island.*

**There are many shops to explore with a variety of gifts for your early Christmas gifts and vacation needs and Musical entertainment keeps down town hopping, for those of you that like to dance or kick up your heels!*

**If you prefer the quieter side, then relax in the sun, read a book, or catch a sunset. Come during the weekday's in the Spring and Fall to experience bird watching is at it's best or to just walk, bike or golf cart around the island and enjoy the view!*

Where folks come as guests and leave as friends.
